NYC PHASE III REOPENING

Phase III is expected to begin on July 6th. This phase focuses on the hospitality industry.

RESTAURANTS/FOOD SERVICES
Unlike other parts of the state, where Phase III allows restaurants to reopen indoor dining at a limited capacity, New York City has deemed this premature and is NOT allowing restaurants to reopen indoor dining at this time.

PERSONAL CARE
This category applies to non-hair-related personal care services, including piercing and tattoo facilities, appearance enhancement practitioners, massage therapy, spas, cosmetology, nail specialty, UV and non-UV tanning, or waxing.

Each business has guidance by the State that it must follow. The guidelines differ depending on the type of services offered, but include:
• Keeping occupancy in office buildings at 50 percent
• Practice social distancing guidelines
• Requiring personal protective equipment (PPE) for customers
• Strict cleaning and hygiene requirements
• Customer communications
• Screening/Testing for employees and vendors

BEACHES AND POOLS
The Mayor announced that beaches will reopen on July 1st.
